Mini Portable Electronic Temperature Hygrometer JP9906

Electronic temperature hygrometer
simple , intelligent ,enviromental-protected

Sepcifications:

1. working voltage 3.0v, very lower power consumption
2.12/24 hour system exchange
3.the time for opening 0:00. alarm time 0:00
4.calendar range:2001-2099 year (the openning display year 2006/01/01
5. 2 minutes alarming mode and 8 minutes snoozing mode function
6. approximate 8 seconds backlight function
7. every day maximum temperature and humidity data recoring function
8. C/F temperature display exchange
9. temperature rang:-9.9~+60 degree C(14.2~+140 degree F), temperature display tolerance:+/-0.1degree
10. humidity display rang:20%~99%RH ,humidity precision:+/-5% RH
