

**CLMG-7201**

CLMG-7201 is a high-performance, multi-lens LED lighting fixture designed for industrial and commercial applications. It features a robust, die-cast aluminum housing and is available in two main configurations: a standard version and a high-bay version.

The standard CLMG-7201 fixture is designed for general industrial lighting, providing a wide, uniform beam of light. The high-bay version is specifically engineered for high-ceiling environments, offering a long, narrow beam that reaches high heights effectively. Both versions are built to withstand harsh industrial conditions.

**Features**

CLMG-7201 features a high-efficiency LED light source, providing long life and low energy consumption. The fixture is designed for easy installation and maintenance, with a simple, modular design. It is also available in various beam angles to suit different lighting requirements.

**Specifications**

- Housing: Die-cast aluminum
- Beam Angle: 10°
- Lens: LENSE, 18mm diameter
- Mounting: 10mm diameter
- LED: LED chip
- Power: 156W LED x 3
- Voltage: 240V x 2

**Applications**

- Industrial lighting
- Warehouse lighting
