

HT-819 dual laser infrared/digital thermometer

HT-819 Professional Infrared thermometer provides fast,easy and accurate readings. for most surface temperature measurements 20 point memory.

*Unipue flat surface, modern housing design

*Built-in laser point

*Automatic Capture emissivity for targeting and widely used to be measure the temperature in industial.

Specifications:

IR temp.Range

-50 degree to 1050 degree

-58 F to 1922 F

IR Temp Resolution:0.1 degree / F

Response.Time: Less than 1 Second

Basic Accuracy: +/-1.5% of reading

Emissivity:Adjustable 0.10~1.0

Features:

1.White backlit LCD display

2.Automatic Data Hold

3.Laser Targeting

4. LCD with back light

5.°c or °F select switch

6.laser ON/OFF switch
