

REF304

REF304

Handheld Refractometer for measuring refractive index and density of liquids.

Features

- Measures refractive index (n_D) and density (d₄^20)
- Range: n_D 1.040 to 1.700, d₄^20 0.800 to 1.300
- Accuracy: ±0.0002 for n_D, ±0.0005 for d₄^20
- Temperature compensation: 10°C to 30°C
- Automatic temperature measurement
- LCD display with backlight
- Battery powered

REF 304 is a handheld refractometer used for measuring refractive index and density of liquids.

Specifications

• Dimensions: 26x40x170mm
 • Weight: 5.0g
 • Net Weight: 5.5g

Warranty

Warranty: 3 years. All parts and labor included. Escrow.com payment method available.

Shipping

Shipping: Free worldwide shipping. Delivery time: 7-14 business days.

Ordering

Ordering: Add to cart and checkout. Payment methods: Credit Card, PayPal, Escrow.com.
