

DDS-17 Bench-top Conductivity Meter is a section outward appearance is fine and is succinct, survey stable and accurate meter.

Technical Specification

1. Measuring Range: 0~1.999x10⁵us/cm
 2. Accuracy: $\leq \pm 1.5\%F.S \pm 1$ digits
 3. Temperature Compensation: 15~35°C
 - 4 Power Supply: 220V
 5. Environment: Temperature: 5~40°C Humidity < 85%
 6. Dimensions: 240mm x 158mm x 100mm
 7. Weight: 950g
 8. measuring range frequency conductance(uS/cm)
- | | | |
|------|-----------|---------|
| x1 | low area | 0~1.999 |
| x10 | low area | 0~19.99 |
| x102 | high area | 0~199.9 |
| x103 | high area | 0~1999 |
| x104 | high area | 0~19990 |
