Specifications

1.Temperature Accuracy $\pm 0.5^{\circ}\text{C}$

2. Humidity Accuracy $\pm 5\%\text{RH}$

3. Temperature Measurement Range $-40\sim +85^{\circ}\text{C}$

4.Sensor type \square Internal External with 3 meters cable

5.Sensor quantity \square 1

6. Channel \square 2

7.Resolution \square 0.1°C / $0.1\%\text{RH}$

8. Automatic Record Capacity : 6,5000

9. Log interval 2s~24h

10. Battery: 9V Block Battery *1

11. Weight: 380g

12. Dimensions : 135mm * 124mm * 35mm(5.31"*4.88"*1.37inch)

13. LCD size: 97mm * 78mm(3.81"*1.37")

14. Standard Accessories: 9V Block Battery, user manual,USB cable, software, screw

15. Optional Accessories: AC-DC adapter,external sound & light alarm

Catificate CE, ISO
