

PH-025W Aquariums PH Monitor

*Replaceable pH electrode

*Waterproof design IP58

*LED display

Aquariums PH Continuous Monitor with 1 or 2-points Calibration & Auto Buffer Recognition

Technology Parameters:

Measuring range 0.0~9.9PH

Accuracy ± 0.1 PH

Resolution 0.1PH

Operating Temperature 0°C~50°C

Automatic Temperature Compensation 0°C~50°C

Calibration 1 or 2 points with auto buffer recognition

Power Supply 6V DC (include), with adaptor

Dimensions 108mm x 28mm x 18mm

Weight 95g
