## PH-025W Aquariums PH Monitor

- \*Replaceable pH electrode
- \*Waterproof design[]IP58[]
- \*LED display

Aquariums PH Continuous Monitor with 1 or 2-points Calibration & Auto Buffer Recognition

## Technology Parameters:

Measuring range ] 0.0~9.9PH Accuracy ]  $\pm$ 0.1PH Resolution ] 0.1PH Operating Temperature ] 0°C~50°C Automatic Temperature Compensation ] 0°C~50°C Calibration ] 1 or 2 points with auto buffer recognition Power Supply [ 6V DC (include), with adaptor Dimensions [ 108mm x 28mm x 18mm Weight [ 95g
