

Central Air-conditioner Thermostat WSK-8H

Product Overview

1. Suitable for temperature control for fan coil, electrically operate valve, power-driven air valve and power-driven air inlet of the central air condition
2. Basic functions: manual switch control, setup of indoor temperature, indoor temperature survey and display, switch between refrigeration /heating modes, manually setup high/ middle/ auto wind speed, time switch.
3. temperature correction function.

Specification

1. Temperature range: 5°C to 35°C
2. Display range: 0°C to 50°C
3. Control accuracy: $\pm 1^{\circ}\text{C}$
4. Output rated power: <200W
5. Self-consumption power: <2W
6. Electric equipment parameters: 220VAC, $\pm 10\%$ 50/60HZ
